THE PIPER

AUGUST ADVENTURES

Our activities director has worked hard the past few months to plan out in advance to create fun exciting activities to do in August! Here at The Piper there is always something for the residents to take part in! Go follow our facebook to keep up with what the residents are up to.

THE PIPER POST

ISSUE 21 • AUGUST

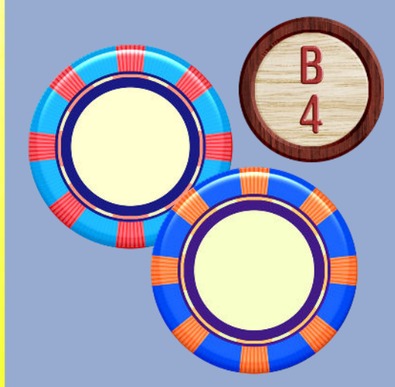
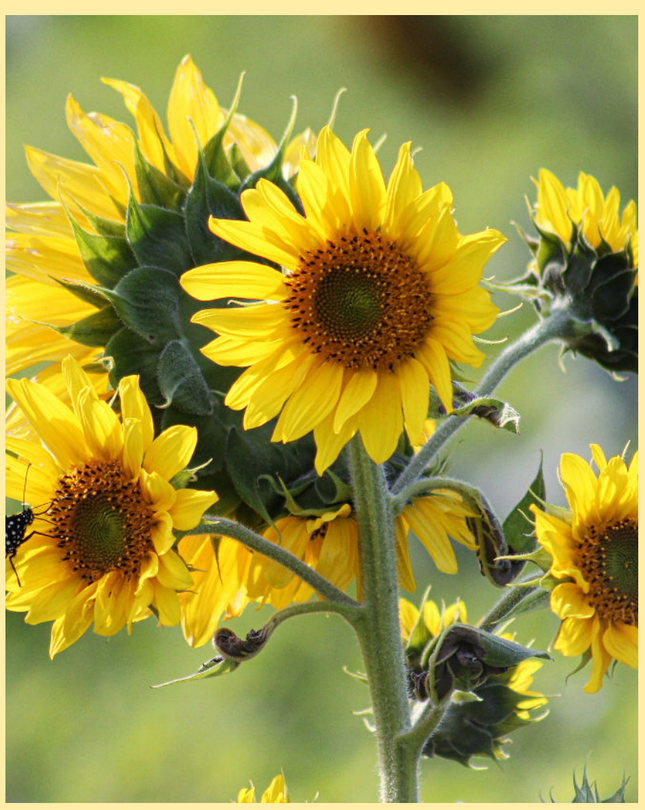
The Piper is in the process of expanding social media platforms. Go check out our LinkedIn profile.

Here at The Piper Bingo is one of the residents favorite games to play! We love seeing the residents have big smiles on their faces when playing.





Another popular activity at The Piper is going outside, taking walks, and planting in the garden! Seniors who spend time outdoors may experience less depression and anxiety. Individuals who run, bike or walk in natural settings have a reduced risk of mental health problems compared to people who do their exercise inside.
